

## **CBDRM-14 Participants' Remark**

1. I have no words to thank you enough for the support and cooperation you and your team extended to me during my stay in Bangkok for CBDRM course. It was really a wonderful program and nice environment, where we enjoyed and learned from the scholars and experts of Disaster Management of ADPC penal.

We wish to congratulate ADPC for arranging such a nice program in a wonderful way. We did really enjoy your accompany associated with Zubair Murshid, who is always so kind. If you can see him, please don't mind to convey my best regards.

I am once again sincerely thankful to you for sending this wonderful picture which is a life time memory for me and for my children.

Dy.Program Manager  
Focus Humanitarian Assistance  
Islamabad**

2. ...we enjoyed and got a lot of knowledge and skills during the course.

At the same time I would like thank you all for the help, support and care by you and your staff, Khun Nat and Khun Gaiy, especially Heythee. Thanks again for the supports. We'll keep in touch.

**Helen  
Programme Support Officer,  
Disaster Preparedness Sri Lanka  
Oxfam (GB), Kilinochchi,  
Sri Lanka**

3. It was an honor for me to be part of that training. I learned a lot and promise you to continue with the work here in Africa.

**Florencio S.R. Marerua  
Africa HEA Capacity Building  
Advisor  
World Vision Int'l, Nairobi, Kenya**

4. It was really good opportunity to learn and share and for Sungi it was even much more. Hope this will help Sungi to strengthen its ongoing CBDM programme in a more professional way and I hope future support from ADPC would remain.

**Manzoor Ahmed Awan**  
**Director Operations**  
**Sungi Development Foundation,**  
**Abbottabad, PAKISTAN**

5. Your kind appreciation is really honor for me and my organization. I personally very impress on your knowledge and experience, smooth and efficient dealing and teaching technique. I gain a lot of knowledge and practical skill in the field of disaster management. I am very optimist for your guide line in the field of community based disaster risk management.

You would be very glad to know when I physically implement your kind knowledge in my field activities. At last I thanks of your communication and nice compliment.

**HEA-erdm Coordinator**  
**WARO Natural Resources**  
**Management Project**  
**World Vision Mali**

7. You are right! It was not an opportunity to gain and share knowledge and skill but of course it was an enjoyable time to me and other as well.

Additionally, it provides good time for all pax to build their network. I am the one who benefit from this since Jane wants to meet me this evening in Phnom Penh to discuss some thing about my project...and so on.

**Samban**  
**CBDP Project manager**  
**Cambodian Red Cross**

8. My return journey was safe and nice and immediately I have started my duty without any rest. But I became OK when I returned to my Nation. Though AIT and Thai were nice but I couldn't enjoy the whole things because of my illness. I have to thanks again to you, Heythee, Khun Nat

and all other ADPC staffs who took concern on me during the time I was ill. Thank you very much.

The course was very useful not only for me but all of us who are working with Disaster in our organization. When I was returned to my duty, I had many e-mails from my friends who asked "how can we identify the courses available at ADPC? and how can we apply to that?". So I have shared with them about ADPC and encouraged them to apply for the courses

Anyway thanks again Falak and your Team. Wish you all for continuing your services smoothly in future. God'll be with you and bless you.

**KJ Croos  
Programme Support Officer,  
Emergency Preparedness/Disaster  
Preparedness  
Oxfam GB, Sri Lanka.**

9. Once more a big thanks for the course, it was really great to be part of it and I believe it will help me a lot with my current and future tasks.

A colleague of mine, in fact closely involved in a GRC/IndianRC initiated community based cyclone preparedness programme in India as well as a community health programme in Bangladesh, would like to participate in the forthcoming CBDRM training. Are there still places available, and is the schedule yet finalised?

All the best,

**Katrin Wirsching  
Desk Officer Indonesia and Thailand  
Tsunami Task Force  
German Red Cross**
