**Message
of
Director General,
Department of Disaster Prevention and Mitigation
ADPC 20 years anniversary – Message
Department of Disaster Prevention and Mitigation (DDPM),
Ministry of Interior**

DDPM is most appreciative of the support that our association with ADPC has provided in the past and we wish ADPC and its members the very best for continued success in meeting the disaster management needs of the region and beyond.

DDPM and ADPC's mutual association dates back many years, and most recently has been involved in the UNDP-Early Warning System (EWS) programme working with Community Committees, local government organizations and the Thai Red Cross to build disaster management capacities within tsunami affected provinces in the south of Thailand.

ADPC has been a dynamic and efficient partner, modifying re-defining its goals, mission, strategies and expertise in response to the demands of the region. ADPC, through its commitment and determination, has continually strived to further strengthen its objectives and remains a valuable resource for Thailand and the region.

Wishing ADPC many more years of success and effective contribution to the region in Disaster Management, DDPM looks forward to an enriched partnership and further collaborations.

(Mr.Anucha Mokkhavesa)
Director-General
