

Joint Advocacy Network Initiative (JANI) for CBDRM in Vietnam

Country covered:

Vietnam

Duration:

January – December 2009

Project brief:

To improve the effectiveness of natural disaster risk management in Vietnam and in particular the Community Based Disaster Risk Management (CBDRM), a consortium of 14 partners from the Vietnam Government (DDMFSC), NGO Partners (CARE, DWF, OXFAM, ADRA, CECI, Action Aid, Save the Children, World Vision), Vietnam Red Cross through NLRC, SRC, mass organization such as Women Union and ADPC are implementing innovative CBDRM projects in Vietnam

ADPC as member of JANI, is facilitating capacity building activities such as learning workshop and training on advocacy for CBDRM to integrate into broader development planning in line with the Vietnam National Strategy for Disaster Prevention, Response and Mitigation. This activity is helping the decision makers, disaster management practitioners and other relevant stakeholders better equipped in implementing community based disaster risk reduction projects.
