

Strategic National Action Plan (SNAP) - Cambodia

Country covered:

Cambodia

Duration:

February 2007 – April 2008

Project brief:

- In **December 2008**, the SNAP for DRR in Cambodia was launched by honorable Prime Minister of the Kingdom of Cambodia. The **SNAP has been** developed through a government-led participatory process that involved getting the views and opinion of different disaster management stakeholders in the country including disaster management officials from local governments (provincial, district and commune levels), local and international NGOs, and institutional donor agencies. Facilitation of this process was overseen by an inter-institutional
- ADPC further supported the printing and dissemination of the SNAP document in Khmer and English language
