## Hội thảo về khởi động Dự án giảm rủi ro thiên tai

Sáng 15-6, Trung tâm Nghiên cứu và Hợp tác quốc tế Canada (CECI) phối hợp với UBND quận Cẩm Lệ tổ chức Hội thảo chuyên đề về Khởi động Dự án giảm rủi ro thiên tai (PROMISE).

Dự án PROMISE, hay còn gọi là Chương trình Giảm thiểu rủi ro thiên tai cho các thành phố nhỏ ở châu Á,

được triển khai tại 5 thành phố ở châu Á, trong đó có thành phố Đà Nẵng của Việt Nam - nơi có quá trình đô thị hóa diễn ra nhanh chóng. Mục đích dự án là nhằm giảm thiểu tình trạng dễ bị tổn thương của các cộng đồng thành thị thông qua việc tăng cường khả năng phòng ngừa các thảm họa thiên tai ở khu vực Đông Á và Đông

Nam Á. Tại hội thảo, các tham luận đã giới thiệu về tổng thể dự án, mục tiêu và hoạt động của dự án, kết quả của việc đánh giá khả năng, tình trạng dễ bị tổn thương ở các địa phương tham gia thực hiện dự án...

Được biết, sau hội thảo này, dự án sẽ tổ chức nhiều lớp tập huấn cho người dân tại 6 phường thuộc quận Cẩm Lệ về nâng cao năng lực cộng đồng trong việc giảm nhẹ rủi ro thiên tai, từ đó giúp các địa phương xây dựng kế hoạch cộng đồng an toàn hơn. N.C

## OPPORTUNITIES

## DIFFICULTIES

### OPPORTUNITIES

- Good relationship established with relevant departments at various level.
- DaNang city / Cam Le district is in urbanization process applying risk management in urban governance.

### DIFFICULTIES

- Risk management is not well paid attention in urban governance. Thus it takes time and it's very necessary to have many forums to raise capacity on risk management;
- Capacity of the project/ advocacy of risk management is not easy in the 2 year period of project;
- Project impacts to advocate for mainstreaming risk management in urban governance is just within project areas and city representatives: small impact compared to 7 districts of DaNang city.

## SUGGESTIONS

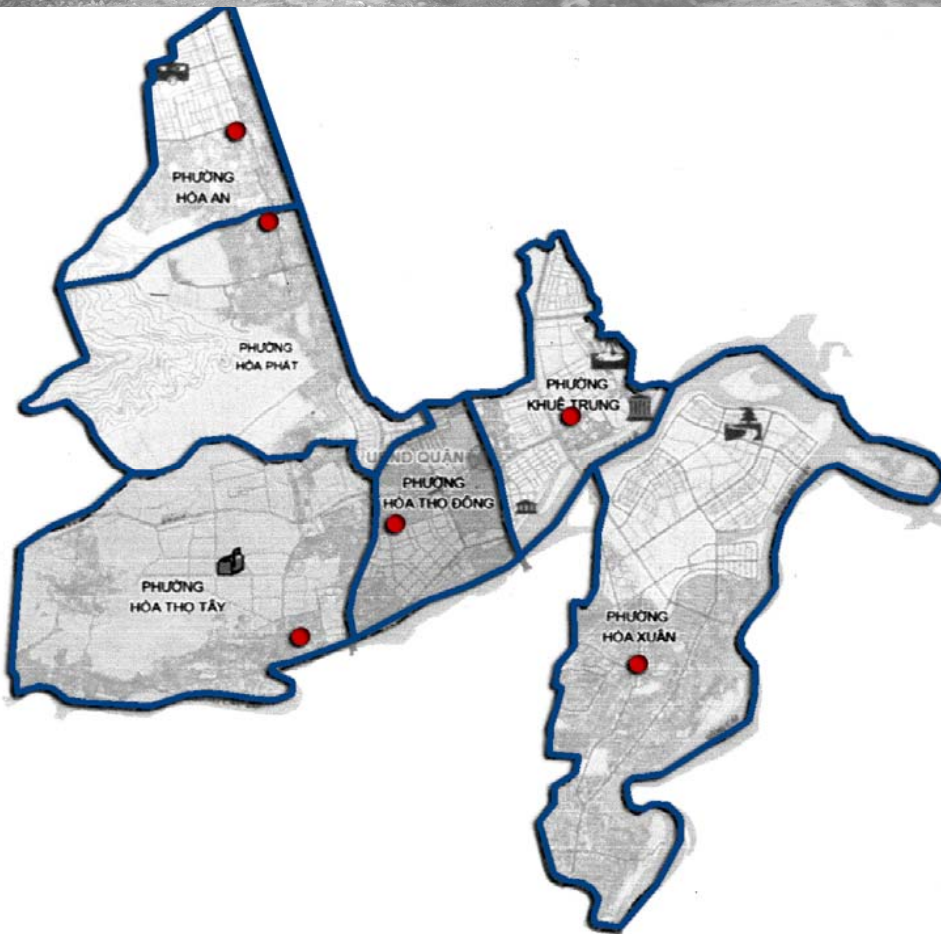

- Dissemination WS held at national level;
- Study tour on CBDRM institutionalization to any places / countries where there is best CBDRM institutionalization models;
- Experience sharing at national / regional level;
- Collaborate with ADPC in developing guidelines on risk management and urban Governance.
